

AIRBRUSH SPRAY TAN CONSENT FORM

Although every precaution will be taken to ensure your safety and wellbeing before, during and after your spray tanning treatment, please be aware of the following information and possible risks. Please initial:

I understand there are certain conditions that may be aggravated by receiving spray tanning treatments, including allergies, asthma, open wounds, pregnancy, and respiratory conditions, and I must consult a physician for permission before being spray tanned.

I understand that reactions are rare, but may include possible allergic reactions including itchiness, redness, rash, coughing, dizziness, fainting and/or other irritations.

I understand that spray tanning is accomplished by the application of a solution containing Dihydroxyacetone (DHA) which has been approved by the FDA for external use only.

I understand that it is my right to request nose plugs, protective eyewear and occlusive lip balm to protect my mucous membranes from DHA exposure before my treatment, per recommendations made by the FDA.

I understand that a chemical in tanning sprays may pose risks; the safety of its uses as a spray has not been investigated in studies on people, and the amount of risk is inconclusive.

I understand that the spray tan does not contain a sunscreen and does not protect against sunburn.

I understand it takes 4-8 hours for the spray tanning solution (containing DHA) to react with the amino acids on the skin's surface, and showering and sweating are not recommended during that time.

I understand that the spray tan solution can stain clothing. Dark-colored clothing is recommended.

I understand the spray tan will last approximately 5-10 days, depending on my skin cell turnover rate and the condition of my skin before and after the spray tan treatment.

I understand that while the goal of this treatment is to give the skin an overall bronzed look, no specific guarantees of the result can or have been made.

I understand that if I am under the age of 18, I must wear undergarments during the treatment.

I understand that it is imperative to my health that I disclose all of the information health history conditions. Please list all important health conditions and circumstances regarding my health history, medications being taken, and any past reactions to products or medications:.....

I understand that additional conditions could occur or be discovered during the procedure which could affect my ability to tolerate the procedure.
